LETTER OF ASSIGNMENT

Person's name or Company's name:...

Dear Client,

The purpose of this letter is to sum up the diverse conversations we had and to precise in a common agreement the required conditions for the creation of a website and its hosting under a name of a domain which is to be booked.
It is to be agreed that the assignment consists of the preparations mentioned in the quotation attached to the site scheme.

Our assignment encompasses the accomplishment of all possible duties and to be diligent while yours consists of a duty of information and cooperation towards us. Our responsibility is limited to the creation of a website ……… its hosting under a name of a domain as chosen by the orderor under a caution of availability.

For the accomplishment of the assignment you are entrusting us you are committed to put on our disposal the whole documents and information we need for the content of the site and the redaction of its pages.

All members of Free Web Concept participating in the assignment are strictly bound by the professional secret and are prohibited from communicating any information without your preliminary agreement.
Any modification that may happen to the assignment as defined above must be the subject of a preliminary approval by both parties. Our colleagues can not be entrusted of any task without our written agreement.

So as to realize the pre-cited diligences, our fees are to be invoiced on the basis of the quotation jointly presented herewith.

Our assignment takes effect from the date of the signature of this letter appended of a command bond issued from your part and a quotation issued form ours.
We request you to return to us a copy of this letter with your signature upon.

We thank you for the confidence you are putting in us and ask you to accept the expression of our best regards.
